# STEAM CLEANING

**UPTO £50.00 FREE STEAM CLEANING**

Green Machine operate a wide range of steam cleaning systems that operate above 130°C to cleanse surface areas, killing bacteria and dust mites and eliminating odour. Areas infected by MRSA and other super bugs can be also cleansed using our steam cleaners.

We offer a wide range of Steam Cleaning services for areas such as:-

- Commercial Kitchens
- Washroom's and Restroom Areas
- Hard Floors, Stone, Vinyl, Wooden Floors & Laminate Flooring
- Tiled Walls and Grouting

We can arrange for a one-off service or a regular steam cleaning facility if required, thus ensuring that your workplace is safe and hygienically clean for your staff and visitors.

And use your **free steam cleaning voucher**, and claim up to £50.00 of free steam cleaning

# CARPET CLEANING

**UPTO £50.00 FREE CARPET CLEANING**

Green Machine operates a full range of specialist commercial carpet cleaning services designed to meet the needs of your business.

Whether you require a 'one-off' clean or a schedule of regular visits, we have the answer to your carpet cleaning needs.

We offer a wide range of Carpet Cleaning services such as:-

- **Carpet cleaning**
- **Upholstery cleaning**
- **Rug cleaning**
- **Stain removal service**

We can arrange for a one-off service or a regular carpet cleaning facility if required, thus ensuring that your workplace is clean and maintained for your staff and visitors at all times.

And use your **free carpet cleaning voucher** and claim up to £50.00 of free carpet cleaning.

# PAT TESTING

## PAT TESTING MADE EASY

Did you know that Green Machine also perform portable appliance testing as one of our key primary services?

Why choose us for your PAT testing needs and requirements:

- We use the latest equipment
- Our quotes have no hidden extras
- All equipment that we use is calibrated to ensure that our results are accurate every time.
- Fully qualified and trained staff.

Why PAT testing:

1. It is your legal requirement as an employer.
2. Every employer must ensure that their workplace equipment is maintained.
3. Ensuring levels of risk for all of your workplace equipment is correct.
4. PAT testing must be performed by a competent and trained professional

We can arrange for a one-off or an annual service as required, thus ensuring that your workplace is safe and compliant at all times.

# SERVICE DUST MATS

## STANDARD & WITH YOUR OWN COMPANY LOGO

Green Machine can provide a serviced dust mat facility for all standard and logo mats to your own choice in colours and sizes.

Dust mats will improve your business image and presentation for your own staff and customers providing a fresh, clean image.

Every mat is laundered and replaced every time, and are manufactured from solution-dyed nylon – efficient in retaining dirt and moisture to protect your floors and to reduce your cleaning needs.

# Water Management Systems

Managing and auditing the cleaning regime in a washroom has never been easier since the introduction of Green Machine's washroom facilities monitor.

It is proven that using the washroom facilities monitor in high traffic volume washrooms improves cleaning management. Your business image and customer confidence, with a real time clock, and a 3 year battery lifespan, washroom management is made easier.

# Feminine Hygiene

Our feminine hygiene disposal service fully meets the need for something other than simply flushing waste products down the toilet or placing them in a waste bin.

For you it provides the safeguard of knowing that health, social and environmental concerns have been dealt with satisfactorily. More importantly the legal issue is covered. For women, we therefore provide a clean, safe, hands-free system.

All our units contain Activap™, a unique chemical free germicide to render the waste harmless to individuals and safe for our environment.

There is no such thing as a soluble towel or tampon.”

Flushing sanitary waste down the toilet pollutes rivers and coastlines and can result in blocked drains.

# Washroom Services

## Hand drying:

Whether a large-scale washrooms to the single private washroom, Green Machine has a hand drying product to suit. We understand that individuals have specific preferences when it comes to drying hands. Many prefer traditional roll towels, others want disposable paper hand towels and some feel more comfortable with warm air hand dryers, we cover all needs.

# Washroom Services

## Sanitising:

Washing, thoroughly cleaning and drying your hands is a simple but vital necessity in a washroom. Make the experience a pleasure by discovering an option to suit you.

In situations where continual hand washing is not possible we offer hand sanitisers - perfect for first-aid rooms, catering, kitchens, surgeries, schools, food preparation factories, and anywhere where there is no regular hand wash facility close by.

# Washroom Services

## Air Fresheners

Using a washroom shouldn't be an unpleasant experience for the user, but often because of strong odours it can be.

Green Machine provide a range of air freshener products that are perfect for washrooms but versatile enough to also use in receptions and meeting rooms

# Confidential Waste Disposal

We will arrange a scheduled service day at your site, collect and exchange full bags/bins for empties from a designated location and replace stock. Collection information is entered into a PDA (personal digital assistant) by an operative who verifies this with a signature and an accompanying client site representative signature. An electronic Guarantee of Destruction Certificate / Waste Transfer Note can also be provided within 48 hours.

After completing its daily collections our confidential vehicle returns to one of our sites where the off-loaded bags are opened under CCTV camera and emptied into the shredder reception area. The confidential paper moves on a conveyor belt into a sorting area where any contaminants are removed. The material then enters the shredding hopper to be shredded into cross-cut strips which are immediately transferred to an automatic baler to produce 'wire-tied' 500 KGs bales.

The bales are stored on site the transferred to paper mills where the paper is recycled into toilet roll and tissue products.

# Office Recycling Solutions

*“The complete office recycling solutions package for paper, cardboard, cans, plastic bottles, vending cups, batteries, fluorescent tubes, glass, printer cartridges, mobile phones and larger WEEE items”*

Green Machine can provide the complete recycling solution for offices, reducing waste disposal significantly and promoting your company environmental credentials.

Once you have a minimum of 10 bags of office paper plus other materials, we can arrange collection either on a schedule, (weekly, fortnightly monthly etc) to maintain a simple and reliable service, or on-demand should you have archive clear-outs or larger volumes.

# Pest Control Solutions

## Commercial and Public Sector Pest Control Services:

With our pest control services we can routinely monitor and remove (when required) any creatures that may cause disturbance and damage to your premises and reputation, efficiently, humanely and in an environmentally friendly way.

### We offer:

**Advice and guidance** – the costs of infestation can be very high in terms of the damage caused and the disruption to your business, we recommend taking preventative measures to remove the threat

**Flexibility** – Providing out of hours/in hours/daily/weekly/adhoc/emergency pest control services

**Quality** – we have invested in gaining accreditation to ISO 9001; ISO 14001 and OHSAS 18001 to ensure that quality, the environment and occupational health are considered in all aspects of our daily routines

# Window Cleaning Services

**Window Cleaning** – All types of external and internal glazing (all levels):

- Ab-sailing window cleaning
- Access platform window cleaning
- Self-drive and lorry mounted platforms
- Spider access work for internal cleaning
- Cradle work
- Ladder-less, poling system using de-ironised water
- Scaffold tower work

# Handyman Services

**Our Services include** – All types of general maintenance work  
– plumbing – joinery – handyman duties

**REFURBISHMENT**, painting and decorating, carpentry, electrics and general maintenance. Our operatives can carry out a variety of small jobs at very short notice, from hanging items, assembling furniture, basic electrics, plumbing, leaks and many more, they are fully equipped, with steps and tools, most small jobs can be done on 1st visit.
