

COVID-19 PERSONALISED RISK ASSESSMENT

External Visitors

This assessment should be used for screening Visitors on site at Creech Castle – Taunton, prior to visiting the site. Visitors are assessed in line with the [case definition](#) for possible COVID-19 and [isolation requirements](#). The purpose of this risk assessment is to protect staff and identify possible/confirmed COVID-19 cases, household contacts.

Name	Reason for visit
------	------------------

Section 1 – COVID-19 Symptom checker

1. Do you have a new, continuous cough? Yes/No
2. Do you have a high temperature of 37.8C or over? Yes/No
3. Are you experiencing a change or loss in your normal sense of taste or smell?
Yes/No

If you answers yes to any of the above questions then you must not enter the premises and must [get a test](#) and follow the government [stay at home guidance](#).

If you answer no to all questions, then proceed to section 2

Section 2 – Household

1. Have you or anyone in your household tested positive for coronavirus in the last 14 days? Yes/No
2. Are you still in the self/household isolation period? Yes/No
3. Does anyone in your household have a new, continuous cough or a high temperature? Yes/No

If you answers yes to any of the above questions then you must not enter the premises and must self-isolate, [get a test](#) and follow the government [stay at home guidance](#).

If you answer no to all questions, then proceed to section 3.

Section 3 – NHS Test and Trace

- 1. Have you been contacted by the NHS Test and Trace that you have been in contact with a person with Covid-19? Yes/No

If you answers yes to this question you should contact the [NHS Test and Trace guidance](#). You will not be able to enter the premises.

The completed assessments will be kept securely in our site file and the personal risk assessment sheet must be signed and completed upon entering the premises.
